

California Side By Side Society
Greater Bay Area Chapter

On Friday, January 10th, our chapter held its first driven mallard shoot at the Camanche Hills Hunting Preserve in Ione, California.

Under the most beautiful weather conditions, we had a fantastic shoot!

We had eight side by side shooters who were able to harvest 110 mallards. Please see the attached photos from our shoot.

With crystal clear conditions, the birds were able to see the water and lake ahead. The ducks flew right over a slue to our stands where we were staged.

If anyone has not had this experience, you must try it! Our second shoot is on Sunday, February 16th, 2014.

Happy shooting!

Sincerely,

Roger Stuart
Greater Bay Area Chapter Chairman
